Education

Jayshree Periwal High School

HIGH SCHOOL DIPLOMA

- Grade 11: 95.8%

Jaipur, Rajasthan

May. 2021 - present

Work Experience

Augmetrix.tech

FOUNDER

- A non-profit organisation that aims to provide vocational skills along with education to high schoolers. Workshops, hackathons, sessions at various NGOs are just a tiny portion of things we strive at doing.
- Our community consists of 200+ students, from 5+ countries and more than 600 hours of volunteering. To date, we have helped students across 3 NGOs and 2 Government schools to get a better grasp on their curriculum.

Jaipur, Rajasthan

Dec. 2020 - Present

Cledge

FRONT END DEVELOPER & VIDEO EDITOR

- Working with the engineering team in an Agile development environment to create a web platform that democratizes personalized college counseling.
- A majority of students across the world don't have access to college counselling. At Cledge, we are building an affordable AI-based counselling service. Cledge was picked up by Microsoft for Startups.

Washington, U.S.A

Aug. 2021 - Present

Avacads

FRONT END DEVELOPER

- Avacads is IIT Bombay incubated startup which aims at providing AR VR technology to schools in India for a better understanding of the curriculum.
- Helping Avacads team to extend their reach to Indian schools through the medium of backend and tech support.

Mumbai, India

July. 2021 - Nov. 2021

Slingshot

STUDENT AMBASSADOR

- Slingshot is a startup built by alums from Carnegie Mellon university backed by YCombinator and Alchemist Accelerator which aims at providing internship to high school students.
- Currently, working with the marketing team to extend Slingshot reach to high schools in India. Increased server participants from 300 to 2995 hustlers over seven months. Had a lot of fun doing marketing targeted at High School Students (ask me about it), saw CTRs crossing 41%.

Pittsburgh, U.S.A

Jan. 2013 - Feb. 2013
